

Semester Two, Pre-Primary to Year Four Visual Arts

In Pre-Primary to Year 4, students have had a lot of fun and have been engaged in their learning with a range of media. Pre-Primary have been dye-washing, practising their line work, drawing and having fun constructing.

Year One students have been inspired by Piet Mondrian and have created their own abstract art based on one of his artworks from 1927, whilst Year Two students have been inspired by Van Gogh's famous portrait 'Sunflowers'.

Our Year Three students have continued with origami and have created an abstract paperbark background for their origami frogs.

Our Year Four students have been sketching and have created pop-art digitally on their devices. It is amazing to think that the artwork Warhol produced in months, can now be similarly replicated by students in a few lessons using their iPads and apps such as Sketchbook!
