

Smart Freeway Mitchell Southbound: Hester Avenue to Warwick Road

Construction of Principal Shared Path and noise wall Tuart Road to Warwick Road, Greenwood Week commencing 24 October 2022

We advise Tuart Road, Forres Place, Cupar Place and Oronsay Road residents that vegetation clearing and mulching will start in the Mitchell Freeway southbound verge between Tuart Road and Warwick Road **in the week commencing 24 October 2022**. Please see the map on the reverse for the indicative clearing area.

This is to enable Freeway widening works and the installation of Intelligent Transport Systems, street lighting, drainage and barriers, as well as the construction of the new Principal Shared Path and noise wall.

This will mark the commencement of a busy period of work around the site, with regular truck and machinery movements. We will ensure local traffic and pedestrian/ cyclist activity can be maintained as usual.

Residents may experience some noise and vibration from the chipping/mulching machine. This will be for short durations of time, intermittently, and we will be monitoring vibration, noise and dust in the area during the works.

All works will be undertaken in accordance with the Environmental Protection (Noise) Regulations 1997.

We acknowledge the above works may impact residents and apologise in advance for any inconvenience.

Thank you for your patience as we undertake these works.
