

## EARLY YEARS

# STUDENT CODE OF CONDUCT

At Liwara Catholic Primary we want to feel happy, safe, excited, proud and creative.

We feel **happy** when we think positively, follow the rules, when we smile and listen to our friends.

We feel **safe** when we follow school rules, care for people, look after each other and be honest.

for

We feel **excited** when we are helpful, we are kind to others, have fun and doing things we enjoy.

We feel **proud** when we make an effort, try our best, help others and be grateful.

We feel **creative** when we use our imagination, put in effort, enjoy what we are doing and share our ideas.

When someone is not feeling this way, we can be a **good role model** and show each other how to **behave positively, ask for help** from an adult, **be kind** to those around us and we can remind each other to **have a go**.

We do this because we want our classmates to **feel safe and happy** in our school. We do not want our friends coming to school feeling sad or upset because someone has not been kind or friendly.
