

PARENT BRIEFING #7 TERM TWO

Monday 26 April 2021

Dear Parents and Caregivers

Thank you for taking so much care with following the COVID-19 Phase 4 Guidelines in our first week back of Term 2, to ensure the students, staff and wider community are kept safe. It is wonderful that we are able to return to school tomorrow, Tuesday 27 April 2021, after the unexpected but necessary last three days of lockdown.

A few pieces of important information below prior to our safe return to school tomorrow:

SCHOOL OPERATIONS AND VISITOR GUIDELINES

Parents and Caregivers are allowed on the school site but:

- **must be wearing a mask at all times** (subject to exceptions in the [Safe Transition for Western Australia Directions](#))
- **practice 1.5 metres physical distancing between adults and students other than their own**, where practicable
- **adhere to exemplary hand and respiratory hygiene practices**
- **scan in using the SafeWA code when entering the school grounds**

OUTSIDE SCHOOL HOURS CARE (OSHC) GUIDELINES:

- **All parents and caregivers are required to wear a mask** when dropping and picking up children
- Staff will be required to be wearing masks while at work, however while they are engaged with instruction of children, masks may be removed to assist in communication

The full media statement on the COVID-19 changes can be read here: [WA Premier's Media Statement Monday 26 April 2021](#)

All parent and visitors entering the school grounds, this week and until further notice from the Premier to do otherwise, must be wearing a mask at all times and must scan the SafeWA QR code positioned at entry gates as it is extremely important in the event of the necessity for contact tracing.

Yours sincerely

ANDREA MILLAR
